## DECREES

### Art. 1

#### *Public exam places*

A public exam is called, based on qualifications and exams, for the recruitment of no. 1 Technologist, Level II - Economic Position D3 on a fixed-term, full-time commitment basis at the Computer Science Department of the University of Bari Aldo Moro, within the framework of the National Recovery and Resilience Plan, Mission 4 "Education and Research" Component 2 "From Research to Enterprise" Investment 1.3 "Partnerships Extended to Universities, Research Centers, Companies for Funding Basic Research Projects" funded by the European Union - NextGenerationEU, for the FAIR Project "Future AI Research (PE00000013\_CUP H97G22000210007) whose contact person is Prof. Donato Malerba.

The technologist, within the framework of the directives given to him/her by the Project Manager, shall perform the functions and manage the following processes related to:

- installation, configuration and management of cloud computing and HPC platforms to support scientific applications;
- user support of UNIBA communities to use the computing resources of the ReCaS data center, to carry out experiments, and to optimize scientific applications to improve their performance and scalability.

The contract will be activated with resources from the endowment of the National Recovery and Resilience Plan (PNRR) therefore, **the taking up of service will be subject to the granting of loans**. In any case, the contract must be concluded by the project end date or by January 1<sup>st</sup>, 2026, unless the same project is extended.

The University guarantees equal opportunities between men and women for access to employment and treatment at work.

### Art. 2

#### *Public exam admission requirements*

The admission to the public exam requires the following requirements:

- 1) Italian citizenship or citizenship of a member state of the European Union. Family members of citizens of Member States of the European Union who are not nationals of a Member State and who hold the right of residence or the right of permanent residence; holders of the EU residence permit for long-term residents, holders of refugee status or subsidiary protection status will also be admitted to the selection;

- 2) age not less than 18 years;
- 3) be in possession of one of the following degrees: L-31 Computer science and technology, obtained pursuant to M.D. 509/1999 or M.D. 270/2004;
- 4) documented professional experience of at least six months in one of the following fields:
  - development and implementation of software for big data analysis preferred using one of the following programming languages: C/C++, Java, R, Python;
  - use of Unix-like operating systems and related working and development environments;
  - management of GPU-based computing infrastructure;
  - development and implementation of scientific software or for the large masses of analysis of data using artificial intelligence methods;
  - installation, management and maintenance of complex applications on distributed and concurrent computing systems (cluster, grid and cloud computing);
  - container orchestration (e.g., kubernetes);
- 5) physical suitability for employment. The Administration has the right to submit the winners of the public exam to a medical check, based on current legislation;
- 6) regular position with regard to military obligations (for male applicants born before 01/01/1986);
- 7) enjoyment of civil and political rights. For applicants who are not Italian citizens and do not hold refugee or subsidiary protection status, the enjoyment of civil and political rights refers to the country of citizenship.

Those who have been excluded from the active political electorate and those who have been dismissed or exempt from employment with a public administration for persistent insufficient performance, or have been declared ineligible from a state employment, pursuant to art. 127, paragraph I, letter d) of the T.U. of civil employees of the State, approved by D.P.R. 10/01/1957 n. 3 .

Citizens of Member States of the European Union, family Union citizens who are not citizens of a Member State who hold the right of residence or the right of permanent residence, holders of EU long-term residence permit, holders of refugee status or subsidiary protection status must meet the following requirements:

- a) be in possession, with the exception of the ownership of Italian citizenship, of all the other requirements provided for citizens of the Republic;
- b) have adequate knowledge of the Italian language.

The aforementioned requirements must be hold both on the date of the deadline for submitting applications for the public exam and at the time of signing the contract. Applicants are admitted to the public exam with reservation. The Administration may order, at any stage of the procedure, by reasoned order of the General Director, exclusion for lack of the prescribed requirements.

It should be noticed that pursuant to Article 55-quater of Legislative Decree No. 165/2001, as amended and integrated, false documents or declarations committed for the purposes of or at the time of the establishment of the employment relationship or career progressions lead to dismissal without notice.

### Article 3

#### *Application and submission deadline*

The application form, as well as the useful documents for the public exam must be submitted, **under penalty of exclusion**, electronically, using the dedicated computer application on the page <https://pica.cineca.it/uniba/23pnrr1387/>.

The procedure for filling in and sending the application electronically must be completed no later than the fifteenth day following the publication of the notice on the online public notice Board of this University.

The computer application will necessarily require the possession of an e-mail address in order to self-register to the system. The applicant must fill in all the data required to produce the application and attach the documents in electronic PDF format.

The application form must be completed in all its parts, as indicated in the online procedure, and must include a copy of a valid identity document and curriculum vitae.

**Once the payment has been made, the applicant must forward the application and check its status, which will change from "draft" to "submitted" mode; the electronic submission of the application is certified by the computer system by means of a receipt that will be automatically sent by e-mail. An application left "in draft" is equivalent to an unsubmitted application.**

Each application will be assigned an identification number which, together with the public exam code indicated in the IT application, must be specified for any subsequent communication. At the end of submission deadline, the system will no longer allow access and submission of the electronic form. No other forms of sending applications or useful documents for participating in the procedure are allowed.

In case of access to the platform via SPID, the procedure will not require a signature; in all other cases, the application must be signed:

- **by digital signature**, using smart cards, USB tokens or remote signatures, which allow the holder to sign generic documents using signature software on a PC or a web portal for Remote Signature made available by the Certification Authority. Whoever has a smart card or a Digital Signature USB token can verify its compatibility with the Digital Signature system integrated into the server system. In the event of a positive outcome, the holder will be able to sign the application directly on the server (e.g. ConFirma);

- **those who do not have compatible digital signature devices and Holders of Remote Digital Signatures** who have access to a portal for signing generic documents, must save the PDF file generated by the system on their PC and, without modifying it in any way, digitally sign it in CADES format: a file with the .p7m extension will be generated which must be re-uploaded on the system. Any amendment made to the file before the Digital Signature is applied will prevent the automatic verification of the correspondence between the content of this document and the original one and this will exclude the application;

- **if it is impossible to use one of the above options**, the candidate must save the PDF file generated by the system on his PC and, without modifying it in any way, print it and affix the complete handwritten signature on the last page of the printout. This complete document must be produced in PDF via scan and the file thus obtained must be uploaded to the system.

Participation in the public exam involves the payment of a contribution of € 16.00 to cover stationery, organization of tests and postage costs, non-refundable, pending its destination in any eventuality.

The candidate must pay the fee by clicking on the "Paga con Pago PA" button and choose one of the following online payment methods:

- Credit/debit card: for payment with cards;
- Bank account: for direct debit to your account;
- Other payment methods: for example PayPal or Satispay.

The payment of the application fee within the terms and in the manner indicated above is necessary for this Administration for the purpose of preparing and organizing the subsequent phases of the selection procedure and, therefore, is not refundable for any reason (e.g. exclusion, renunciation, absence, etc.) pending its destination.

The candidate must attach the following documentation to the application form by uploading it in the appropriate section of the portal:

- dated and signed Curriculum vitae, containing the titles deemed useful for the purposes of the public exam among those indicated in the following art. 5;
- publications deemed useful for the purposes of the public exam;
- photocopy of a valid identity document and tax code.

The administration assumes no responsibility in case of loss of communication due to inaccurate information of the address given by the applicant or failure or delay in communicating the change of address indicated in the application, nor for any postal problems or in any case due to third parties, unforeseeable circumstances or force majeure.

Once the application has been submitted and the confirmation email has been received it will no longer be possible to make changes; however, the candidate can withdraw the application by clicking on the "Withdraw" button on the home page (dashboard) by filling in the appropriate form; if the call has not yet expired, it will be possible to submit a new application. In this case, the payment made for the withdrawn application may be transferred to the new application.

The IT procedure could be temporarily suspended due to technical reasons; in case of technical problems, you can contact the dedicated support by sending a request to the following link <https://pica.cineca.it/uniba>

Candidates who require auxiliary aids and/or additional time to complete the tests must produce a suitable certification issued by the competent public health facility in accordance with articles 4 and 20 of law 104/92.

#### **Art. 4**

##### *Statement to be made in the application*

In the application, the candidate must declare under his/her own responsibility:

- 1) surname and name (married women must indicate their maiden surname);
- 2) place and date of birth;
- 3) be in possession of one of the requirements set out in art. 2, first paragraph, point 1);
- 4) the Municipality in whose electoral lists you are registered, or the reasons for not registering or for the cancellation from the same lists;
- 5) never having reported criminal convictions and not having criminal proceedings in progress; otherwise, indicate the sentences reported and the date of the sentence of the authority which imposed them (also indicate whether an amnesty, pardon, forgiveness, judicial pardon or non-disclosure was granted, etc.) and pending criminal proceedings;
- 6) be in possession of the qualifications required by art. 2, first paragraph, points 3) and 4), of this notice;
- 7) the position with regard to military obligations;
- 8) having worked in a public administration and not having been dismissed or dispensed for persistent insufficient performance, or not having worked in a public administration nor having been declared forfeited from state employment for having obtained the same job through the production of false documents or documents vitiated by incurable invalidity;
- 9) be in possession of the qualifications that give the right to preference with equal merit, as specified in the following art. 9. The same must be in possession on the expiry date of the deadline for the submission of applications to participate in the competition;
- 10) citizens of the Member States of the European Union must also declare that they enjoy civil and political rights also in the country of origin and provenance, or the reasons for the lack of enjoyment and that they have adequate knowledge of the Italian language;
- 11) the residence indicated for participating in the competition;
- 12) necessary aids in relation to any one's disability and any additional time, pursuant to the law of 5 February 1992, n. 104;

The application must explicitly contain all of the above statements. The omission of the statement referring to point 6) determines the exclusion of the applicant from the public exam.

The Administration provides adequate measures to ensure that all subjects with SLD the possibility of using, in the written tests, adequate compensatory tools for reading and writing difficulties, as well as taking advantage of an extension of the established times for carrying out the same test. The adoption of the aforementioned measures will be determined at the sole discretion of the Commission on the basis of the documentation submitted.

### Art. 5

#### *Evaluation of qualifications*

Qualifications will be awarded an overall score of 30 points.

The categories of qualifications that can be evaluated, as long as they are relevant to the activities of the available places, are as follows:

- |  |                               |
|--|-------------------------------|
| 1) educational and training qualifications | up to a maximum of 14 points; |
| 2) professional experience                 | up to a maximum of 14 points; |
| 3) technical or specialist qualifications  | up to a maximum of 2 points.  |

### Art. 6

#### *Selection commission*

The Selection Board of the public exam will be appointed by Decree of the General Director according to the provisions in force on the subject. The same one will deal, among other things, with the judgment of the admission requirement referred to in the previous art. 2, first paragraph, point 4).

### Article 7

#### Examinations

The exams will consist of a written test and an oral test.

**The written test**, also with a theory/practical content, will focus on:

- development and implementation of software for big data analysis preferred using one of the following programming languages: C/C++, Java, R, Python;
- use of Unix-like operating systems and related working and development environments;
- management of GPU-based computing infrastructure;
- development and implementation of scientific software or for the analysis of large masses of data using artificial intelligence methods;
- installation, management and maintenance of complex applications on distributed and concurrent computing systems (cluster, grid and cloud computing);

- data analysis methods;
- artificial intelligence methods;
- predictive and descriptive data mining algorithms;
- computational and data preprocessing methods.

During the oral test, knowledge of the English language and the use of computer equipment and popular application software will be assessed.

The Administration may arrange for the tests to be held through the use of computer and digital tools.

**Art. 8***Calendar of tests*

The tests will be held according to the following schedule:

written test: 12<sup>th</sup> January 2024 at 10.00 am;

oral exam: 19<sup>th</sup> January 2024 at 10.00 am.

The place where the written test will be carried out will be published on the website of the U.O. Procedure concorsuali personale contrattualizzato at the URL:

<https://reclutamento.ict.uniba.it/reclutamentopersonale-tec-amm/personale-tecnico-amministrativo>

within five days before the test itself is held.

This publication represents the only mean of legal publicity and will have the value of personal notification to all interested candidates, exempting the Administration from sending any communication.

Candidates who obtain a score of at least 21 out of 30 in the written test will be admitted to the oral test.

At the time of the written test the Commission will communicate the date of publication of the list of candidates admitted to the oral test. If there is an impediment which affects the publication of the aforesaid list of candidates admitted to the oral test, a postponement of the notice and/or any postponement of the date of completion of the oral test will be published on the same date.

The oral test will be considered passed if the candidates obtain a minimum score of 21 out of 30.

To be admitted to the exams, candidates must be in possession of one of the following identification documents: identity card, passport, driving licence, nautical licence, firearms licence, identification cards, provided they have a photograph and stamp or other equivalent signature, issued by a State administration.

Non attendance at the tests will be considered as renunciation of the competition.

**Art. 9***Preferences with equal merit*

Candidates who intend to assert the qualifications that give the right to preference with equal merit must indicate them in the application to participate in the competition. It should also be noted that mendacious or false statements, as well as being punishable under the Penal Code and special laws on the matter, may in the most serious cases lead to temporary disqualification from public office, without prejudice to the forfeiture of any benefits resulting from the provision issued on the basis of the false declaration.

The preferential titles that give the right to preference, in the event of equal score, are the following:

- a) those awarded with the medal for military valor and for civilian valor, if they have left the service;
- b) mutilated and disabled for service in the public and private sectors;
